Review Versions QuarkXPress 4.0.1 Would you buy this? Price Sellability Summary In this article, we'll take a look at how to use the new change notification feature in QuarkXPress 4.0. In the past, you would choose to move your elements from one place to another on a page. If you wanted to move one element from one place to another within the same page, you would have to hide the old element, select the new element, and hit delete. That's a lot of steps and
